Jovial

The students who are able to meet the requirements of this program are all outstanding and have the sense of global awareness. I feel so grateful to have this opportunity to meet with future leaders in different fields.

Learn

We have the government officials conducting significant classes to us. We were able to learn the current situation of European Union so that we can think of some possible ways to encourage the cooperation between Macao and the EU.

Informative

Live

My major is related to Global studies. In the future, I want to involve in the career related to global issues as well. This study trip really show me how I can be more effective in promoting Macao after I get to know the operation and cooperation between different countries.
